**SEWER ENGINEER
WILL BE HERE SOON**

TELEGRAM RECEIVED ANNOUNCING READINESS TO COME WITHIN TEN DAYS.

Will Furnish Estimate on Cost of Sewerage System, Following Which Council Will Take Immediate Steps. Strong Bond Sentiment.

A telegram was received yesterday by City Clerk Hicks from the Colorado sewer building firm which, several weeks ago volunteered to send an engineer here to make estimates on the cost of construction of a sewerage system in the city. In the telegram of yesterday the firm stated that their man would be along in the course of the next ten days.

The engineer, according to previous arrangements, was to have reached the city between the 28th of June and the first of July. According to the telegram of yesterday he has been delayed in making his start by reason of court business detaining him in Colorado. His failure to arrive at the time first expected in the city gave rise to the impression here that the Colorado contractors had abandoned their plans, and councilmen were beginning to cast around for a new plan of making progress in the sewer matter.

All steps in the direction of sewerage system were put to one side by the city council at the time invitation was extended to the Colorado engineer to come in. This for the reason that it was determined that until specifications could be secured for a sewer and a cost price put upon it that the council could have assurance would be within the bid of at least one concern, there was no use in attempting further headway. What the sewer will cost and whether the enterprise is feasible are the points the council must now be informed upon before it can do anything definite in the way of taking the steps necessary to raise the amount of money that the sewer construction will require.

On the arrival of the Colorado engineer, which is now promised within ten days, he will take the field and spend two days in carrying on examination of the local situation, which will include the availability of an outlet for the sewer, the availability of a water supply for flushing purposes and a general examination of the route the sewer will build over, which examination will determine the character of pipe that may be used and give a basis upon which cost of construction of the system may be estimated.

Following his examination of the ground and the making of his estimates the engineer will ask an immediate meeting with the city council, at which time he will present his findings. The council will then take action. If it is advised that a sewer system can be built within its means, it will at once, according to the present program submit a bond issue to the taxpayers of the city for their adoption or rejection. According to the estimate of the Los Angeles engineer who went over the ground early in the year the sewer system desired may be installed for about \$75,000. If the Colorado engineer finds anywhere between that figure and \$100,000 it can be stated with certainty that the Council will at once submit a bond issue in the amount estimated as cost of the sewerage system by the latter engineer and give the taxpayers immediate opportunity to vote on the question. At the present time there does not appear to be the least doubt that bonds for sewerage system purposes would pass by an almost unanimous vote. The interviews which the Review has printed in the last month with taxpayers taken at random in the city afford excellent ground for this belief, there having been in the number but two men who expressed themselves as against a bond issue for the purpose of securing money with which to build.

**GODD FOR STOMACH TROUBLE
AND CONSTIPATION.**

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rut Portage, Ontario, Canada. "Being a mild physique the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all dealers in patent medicines.

**BARNES FINED ON
ONE CHARGE**

WILL BE ARRAIGNED FOR ASSAULT AS SOON AS HOBBS IS ABLE TO APPEAR.

Fined Yesterday for Disturbing Peace. Held in Jail Pending Finding of the Assault Charge—Hobbs Recovering Nicely.

Ben Barnes was yesterday arraigned before Justice Murphy and fined \$15 for disturbing the peace, the only charge filed against him following his arrest for cutting W. S. Hobbs in the course of an altercation on Main street Wednesday morning.

Following his sentence yesterday Barnes, being unable to pay his fine, was returned to jail. Before he may be released from there a new charge will be filed against him, that of assault. One this charge it is expected that matters will go hard with the man.

That the new charge would be placed against him was determined yesterday when word was received from Hobbs, now confined in the C. & A. Hospital, to the effect that he would take the action.

Hobbs, who was cut in five different places by Barnes with a pen knife, is not considered seriously hurt at the hospital. Had the knife of Barnes, however, struck a little differently at one point at which it entered, he would have had a murder charge in all probability to have answered. Hobbs is said to be getting along nicely, and will probably be able to get out and attend court in a few days. Meantime Barnes will be held in jail unless he can furnish bond under the new charge that has been determined upon and which will probably be filed early this morning before opportunity affords for him to secure friends to pay the fine assessed yesterday and secure his liberty.

Audited Gym Books—J. M. Harrison, traveling auditor for the Phelps Dodge Co., who has been engaged for several days in auditing the Gym accounts, left on the morning train yesterday for Douglas, where he will be engaged for several days.

Dr. Broderick reports that both Mr. Cunningham and Mr. Coles are doing very nicely and their early recovery may be expected.

Miss Rivers an employee of the Fair store, who has been quite ill several days, is reported to be very much better and will soon be well enough to resume her duties.

Burns Failed to Appear—In Judge McDonald's court yesterday the case of C. Maxwell, who beat up a miner named Burns back of the Maize on the night of the Fourth, was continued, as Burns did not show up in court. The trial was reset for this morning at ten o'clock.

A Source of Revenue—The receipts of the office of the Territorial auditor for the month of June from the filing of articles of incorporation amounted to \$3,577.80. There is included in this sum beside the fees for the filing of original articles, fees for certified copies, etc. The average daily receipts were \$119.26.

Copper Queen Arrivals—W. H. Hayward, El Paso; Robert Anderson, Hatchita; Simon Shapiro, St. Louis; M. Stern, N. Y.; P. F. Hirsch, Minneapolis; H. A. Smith, city; J. S. Bordwell, city; Ed L. Humblin, San Francisco; Ed H. Cobbs, Tucson; T. H. Sabin, M. D., Tombstone; W. S. McCoy, Los Angeles; H. V. Croil, San Francisco; F. L. Hunter, El Paso; S. S. Supple, Mexico; A. C. Davis, Mexico; J. C. Ryan, El Paso; J. C. Sulta, Douglas.

Arrested For Forgery—Constable S. T. Hayhurst of Douglas was in this city yesterday morning to take R. H. Murphy, who was arrested here a few days since, back to Douglas with him. Murphy is charged with obtaining money under false pretenses by passing worthless checks. The officers have been on the lookout for him for several months but up to a few days ago were unable to locate him.

A Kehoe, who has been employed in the grocery department of the Copper Queen store, left yesterday for his home in New York, where he intends to spend several months before returning to Bisbee.

**POSSIBLY DANGEROUS
INJURIES SUSTAINED**

BY J. W. KELLY, STEAM FITTER, IN DESCENDING HOLBROOK SHAFT.

Knocked Partly From Cage by a Jumper That Slipped From Position. Thigh Fractured and Bad Bodily Bruises Sustained.

Yesterday morning about 10:30 a bad accident occurred at the Holbrook shaft of the Copper Queen Co.

J. W. Kelly, a steam-fitter, had gotten on a hoist, which was loaded with timbers, to do some work in one of the stopes. The hoist starting suddenly one of the timbers fell over against Kelly, and his leg was forced out between the wall plates and the hoist.

The hoist was stopped and he was extricated at once. On examination it was found that the man's thigh was badly fractured and that he had sustained severe bruises about the body and limbs. He was taken to the hospital at once and the limb set. The doctors are as yet unable to determine whether he is injured internally or not. They say, however, that his injuries are of a very serious nature.

It was very fortunate indeed that the accident occurred so near the surface as it did, for if the hoist had been further down the shaft the man would surely have been killed before anyone knew of it.

REMOVAL OF SURVEYOR

(Continued from Page One.)

this morning. Divorce was granted D. W. Clark, of Naco, today on the grounds of desertion.

Tombstone, July 5.—The divorce business still continues to maintain the lead in the number of cases filed in the District Court. Since the term started over thirty cases have been disposed of, and there are some 15 to 20 more on the calendar. During the month of June there were 33 cases filed in the clerk's office, exactly one-third of them being actions for divorce. One of the latest ones to be filed is that of Margaret Blewett vs. John Blewett, of Bisbee.

The civil cases of the First National Bank of Phoenix vs. Allen R. English, for debt, Porter McDonald vs. Mutual Life Insurance Co., debt, and Hare vs. Perry Wilson et al., debt, are also set for tomorrow. The cases against C. G. Johnston and Chas. Blackburn, charged with extortion, are set for July 7th.

The following civil cases have recently been set: J. H. Jack Lumber Co. vs. L. S. McGuirk, debt, judgment given to plaintiff. Martin Costello vs. Copper Belle Mining Co., recovery of money on note, July 14, on motion of attorneys for plaintiff. J. H. Jack Lumber Co. vs. Edith O. Patton et al., debt, July 28th, by consent. Administrator estate P. J. Delahanty vs. Samuel Friedman, debt, July 28th. Motion of attorneys for plaintiff: Boguillas Land and Cattle Co. vs. St. David Co-operative Association, injunction, July 13th. J. C. Callahan vs. Board of Supervisors, salary as jail guard, July 12th. Chas. W. Hull vs. Don Luis Townsite Co., quiet title, July 28th.

Simona Waters, of Douglas, has brought suit in the District Court against her husband, William Waters, for divorce.

District Attorney Flannigan is at work making out the extradition papers for Floyd Utman, who recently attempted to kill a woman named Freitas in Douglas, and after being placed in jail made his escape to Agua Prieta, Sonora, where he is now confined. The papers will be forwarded to Phoenix this evening.

**USERS OF PROFANITY
ARE BEING TAKEN IN**

FIVE ARRESTS MADE AND FINES ASSESSED IN LAST FEW DAYS.

Officers Say They Mean Business—If So, Profanity on the Streets Will Stop—Treatment of Women Arouses Indignation.

Charles Gray was arraigned before Justice Murphy yesterday charged with having used vile language on Main street Wednesday night in the presence of women. The justice fined him \$15, in default of which the man is in jail.

In connection with this arrest and fine it is to be said that five arrests for similar offenses have been made during the week. The officers yesterday, in passing comment on these arrests, said in future there will be no quarter shown the users of profanity on the streets in violation of the city ordinance covering the matter.

Pursuit of this policy will undoubtedly break up some degree the condition of affairs that has all along prevailed in the city in the matter of indiscriminate use of profanity by men on the streets regardless of the ears of passersby. In connection with breaking up of this habit, publication of the fact that a woman had been jostled from a sidewalk on Main street by a negro, it can be said aroused many expressions of indignation. The officers may find these encouragements to break up the habit that prevails on the part of many men of crowding the sidewalks regardless of the convenience of women who find it necessary to fight their way through motley gatherings or take into the dust and dirt and among the teams crowding the streets.

GOOD SHOES!

Is an ordinary subject, but few men realize the force of its meaning. The vast assortment of shapes and makes are confusing in their variety.

FOOT FORM LASTS, PERFECT MATERIALS, STYLE, COMFORT and SERVICE.

Those are some of the inducements in the A. E. NETTLESON, MEN'S FINE SHOE, which make shoe buying more than a mere matter of form.

Then we take a pride in pleasing every customer and you are sure of courteous reliable attention at the "SAFE PLACE TO TRADE."
